We offer worldwide transport and logistics solutions assuring the greatest level of service from the start-to-end transportation with a focus on reliability, flexibility, and agility. Regardless of the size of your business, SSS team of experts will help you to choose services that best suit your requirements. Our port and liner division is capable of handling huge volumes of any size and our personalized services help you to have a cost effective solution. Our local team ensures that documents are submitted and processed in line with international guidelines and local regulations. Backed by a fraternity of professionals having rich experience over the years in the Industry, will help you with the services that best suit your needs.

VESSEL HANDLING

SSS is a reliable shipping agent with 24/7 support and with an extensive network of suppliers and liners is vital to your operations.

Seafront Shipping Services Limited (SSS) offers a comprehensive menu of vessel handling services in the region and covers all the processes related to vessel handling. We can perform all of your vessel handling requirements during a port call in almost every location in East & Central Africa ports with operation bases in Tanzania and Kenya.

Our dedicated team of experienced ship's agents can guarantee a smooth port call. Having vast vessel handling experience, Seafront Shipping Services Limited possess the strength and reliability to ensure vessel operations run efficiently and cost-effectively in any port within the region. Our goal is to ensure that vessels under our care receive not just the best husbandry services available, but that we do everything needed to help our clients get back to sea as quickly as possible.

GENERAL CARGO HANDLING

Seafront Shipping Services Limited (SSS) offers a full suite of general cargo handling services through our partner concerns. Having committed to offer highly reliable services, whether you are new to the industry, we ensure your requirements are dealt with in a professional and cost effective manner. By using our vast infrastructure, your requirements are handled with precision concern by our team, handles your consignments with the utmost co-ordination and care at the most competitive rates. Our extensive portfolio of Ocean Services covers all aspects related to sea transportation and vessels. Through our different company Tricon Logistics Limited, we are able to meet our clients' diverse shipping requirements in a manner that is reliable, flexible and designed to maximize efficiency. We operate a network of local agency offices whose professional staff are able to attend anywhere and at any time in East & Central Africa for cargo handling.

LIQUID & BULK CARGO HANDLING

Seafront Shipping Services Limited (SSS) has a dedicated bulk liquid department to handle liquid & bulk cargo handling and expanded its portfolio internally and externally to satisfy our customer needs in the bulk liquid world. At Seafront Shipping Services, we handle hazardous and non-hazardous bulk liquid cargoes more economically and safely in the region. We have built a formidable reputation in handling liquid & bulk cargoes to worldwide destinations. We have the expertise to handle liquid & bulk cargoes and our team will make sure that the cargo is delivered efficiently and at minimum cost and time. In short the ability and experience of Seafront Shipping Services Limited in handling bulk liquid cargo as per IMDG norms has given upper hand in the chemical logistics market in the East & Central Africa region.

PROJECT CARGO HANDLING

Seafront Shipping Services Limited (SSS) takes up comprehensive cargo handling projects for our customers as a challenge as it requires immense expertise, experience and knowledge. Our international network of partners share the same passion and expertise to provide the high standard of service and competitiveness. We have considerable expertise in operating project cargo services on a global scale. At Seafront Shipping Services Limited, our team comprises experienced professionals who handle the most challenging port operations and vessel/cargo related operations competently and efficiently. They ensure fast and efficient turnaround of vessels through precise planning and close coordination with port officials. Handling project cargo requires relevant experience, equipment & manpower. We are well equipped with efficient and effective infrastructure facilities to handle all types of project cargoes in the East & Central Africa region. We have experienced and specialized personnel for project cargo logistics and have access to the full range of material handling equipment for sea and over-land operations.

CREW CHANGE SUPPORT

All our crew members undergo continuous training and evaluation to ensure full compliance with Health and Safety standards.

Crewing Operations is the key to manage the shipping operations, right from the beginning of a ship take-over. Seafront Shipping Services Limited (SSS) is a regular agent for well-known International ship owners from across the globe whose vessels are regularly calling various ports in the East & Central Africa region. The team at Seafront Shipping Services Limited ensures only the skilled and trained seafarer from our in house training facility. At SSS, we recruit and retain talented individuals based on their strong technical knowledge, expertise, professionalism and leadership. This ensures our crew members are highly adept at running and maintaining vessels over long voyages, but also well-equipped to deal with contingencies and emergencies that may occur. We work closely with our vessel owners and can accommodate customized crewing wherever it is needed.

BUNKERING

Seafront Shipping Services Limited (SSS) offers its customers marine bunkering and refueling services for ships calling into the most prominent ports in the East & Central Africa region. We are compliant with the latest International Maritime Organization (IMO) regulations. We follow and monitor local laws and the latest regulations of the International Maritime Organization (IMO) earning us the trust we receive from our client base. Seafront Shipping Services co-ordinate with reliable and professional bunker suppliers to ensure the nominations and deliveries are well taken care of. At SSS, we undertake bunker trading at all other major ports in East & Central Africa and our supplies include bunker fuels like Marine Diesel Oil and Marine Gas Oil. We serve every type of vessel with a strong focus on business excellence, quality control and strict supplier procedures.

RO-RO CARGO HANDLING

Roll-on/roll-off (RORO or ro-ro) ships are vessels designed to carry wheeled cargo, such as automobiles, trucks, semi-trailer trucks, trailers, self-propelled earth moving equipment, and railroad cars, that are driven on and off the ship on their own wheels. We are one of the leading Ro-Ro ship agencies in the region and handle vessels of some of the world's most renowned Ro-Ro Principals. Seafront Shipping Services Limited (SSS) has a successful track record handling varying types of Ro/Ro ships including PCC (Pure Car Carrier), PCTC (Pure Car Truck Carrier) and Roll on Roll Off cargo of all nature. We have safe and expeditious vessel handling experience and built-up SSS as one of the most reputed shipping house in East & Central Africa. We have a dedicated team of experienced professionals, with hands-on experience in the Ro/Ro business, operationally as well as commercially.

LAND TRANSPORTATION

Seafront Shipping Services Limited (SSS) is offering a wide range of land transportation services to get your cargo where they need to be delivered - whether cargoes are outsized project cargo, break bulk cargo, ro-ro, bulk liquid cargo or shipments for local distribution and delivery. SSS is providing efficient and innovative solutions in the field of land freight transportation, which delivers your shipment timely and safely. We have nationwide trucking operations across Tanzania offering door-to-door overland transportation from Tanzania to all regions of East & Central Africa, having customs clearance and warehousing facilities thus we are able to provide LTL and FTL services to any part in the region with a quick transit time. Seafront Shipping Services Limited has focused on building up a name as a unique service provider in the movement of import and export consignments across all East & Central Africa region with the help of its own fleet of vehicles.
